Dr. Althea Penn
Early Education Director

4th Wednesday, 2:00 p.m. (ET)

These meetings provide early education leaders opportunity to share ideas, challenges, and engage in building Biblical community. This professional learning community (PLC) analyzes evidence-based leadership and instructional practices that are informed by current data. We use shared knowledge to cultivate expertise, guide our decisions, and enable early educators to make changes quickly based upon the needs of young learners and their families. We will also review best practices in implementing each of the Flourishing School Culture domains with industry experts. Attendance to the live meeting is eligible for CEUs. Recordings are available in ACSI Leadership Network - Early Education Community.

There are many ways to connect, be encouraged, network, stay informed, and obtain professional development from a Christian worldview. Here are some of those opportunities planned in 24-25.
