

Anchored EE Leaders' Summit – Lancaster Schedule

We are looking forward to meeting you on this energetic and interactive day! Our theme, Anchored in Truth, is about coming together around the latest research in early childhood development and standing on it for the sake of young children. Let's align our beliefs with Scripture and with research, discovering how we must adjust our thinking and our programs to foster maximum healthy brain development.

8:00 Registration Opens

8:30 Opening & Session 1: Anchored in Truth – These Things We Know

There is no fear in love, for perfect love casts out fear. 1 John 4:18

We'll collaboratively identify lies and pressures that regulate early childhood programs, then determine how to counteract each of these with truth.

10:00 Break

10:15 Session 2: Brain Architecture Game

Join us for an interactive game - using visual models to build understanding of how powerful early experiences are on young developing brains.

11:15 Session 3: Anchored by True Connections

Whoever gives one of these little ones a cup of cold water because he is a disciple...will by no means lose his reward. Mt 10:42

God designed us for connection! We'll analyze the critical neurological connections that impact the education of children and apply this understanding to create classroom plans that foster connections of children's minds, bodies, emotions, relationships, and souls.

12:15 Lunch (Included)

1:15 Session 4: Results-Based – Pyramid Approach to Dysregulated Child Behaviors

He does not deal with us according to our sins...Psalm 103:10

We'll look at the Pyramid model for healthy social and emotional growth in young children and complete a survey of how our schools align with the Pyramid model. Join us as we design scenarios demonstrating responsive interactions and lessons in positive social interactions in preschool– and act a few out!

2:15 Break

2:25 Session 5: Parents Anchored in Truth

Teach young women to love their husbands and children – Titus 2:4

How do we transfer this best practice thinking to the family unit? We'll evaluate different approaches to empower, equip, and encourage families to adopt these best practices.

3:30 Summit Ends
